

Australia's Memorial Walk Guide

Harbour
Trust

Australia's Memorial Walk was initiated in 2002 to honour those who served and supported the defence of Australia in peace or in war.

Located within the Harbour Trust's North Head Sanctuary in a bushland setting, the Walk is 250 metres and includes five major monuments and a Lone Pine memorial sited either side of the central path of pavers. It sits adjacent to a WWII coast defence artillery battery site which you can visit after the Walk.

Use your smart phone to scan the QR codes so you can listen to information along the Walk.
